ABOUT ME

I am a highly motivated and enthusiastic beginner front-end developer with 1 year in programming. With a foundation in HTML, CSSs, JavaScript, TypeScript, React. I am eager to apply my skills and learn new technologies

I have completed several projects during my studies, a responsive pages, and a dynamic form that showcases my ability to create and implement engaging user experiences.

In addition to my technical skills, I have strong problem-solving and communication abilities that allow me to work well both independently and in a team setting. I am constantly seeking new challenges and opportunities to expand my knowledge and skill set, and am eager to contribute to the success of your organization.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.
